EDUCATION

Thapar Institute of Engineering & Technology, Patiala

Aug 2024 – May 2028

B.Tech in Computer Science & Engineering | CGPA: 8.15

Relevant Coursework: Data Structures & Algorithms, OOP (C++), Operating Systems, Computer Networks, Database Management Systems, Artificial Intelligence

TECHNICAL SKILLS

Languages: C, C++, JavaScript, TypeScript, HTML, CSS

Frontend: React, Tailwind CSS

Web Fundamentals: HTTP, HTTPS, DNS, Browser Working, REST APIs, Cookies, Sessions, JWT

Databases: MySQL

Tools: Git, GitHub, Linux, VS Code

Currently Learning: Next.js

PROJECTS

StudyFlow | React, TypeScript, Tailwind CSS | GitHub | Live Demo

- Built a real-time countdown timer with SVG-based circular progress animation and automatic focus/break cycle switching
- Implemented a custom **useLocalStorage** React hook to persist application state across sessions without a backend, keeping the app fully client-side
- Designed a maintainable component architecture for timer, task list, and statistics features, using typed interfaces across ~8 reusable components

Personal Portfolio | HTML, CSS, JavaScript | GitHub | Live Demo

- Built and deployed a personal portfolio website to showcase projects, technical skills, coding experience, and contact information in a clean, structured interface

DSA Solutions Repository | C++ | GitHub

- 55+ curated LeetCode solutions in C++, organized by topic across Arrays, Sorting, Linked Lists, Stacks & Queues, Binary Search, Binary Trees, BST, Graphs, Greedy, and Bit Manipulation — selected from 330+ problems solved

CODING PROFILE

- Solved 330+ DSA problems on LeetCode
- Earned the 50 Days Badge (2026) on LeetCode for consistent daily problem solving

EXPERIENCE & HACKATHONS

Create & Conquer Hackathon — in collaboration with Labeller AI

Apr 2026

Thapar Institute of Engineering & Technology

- Designed and implemented a data labelling pipeline for raw video data to enable robot training using supervised learning
- Built the end-to-end annotation workflow as part of a collaborative team effort
